All Committees report their activities to the SCCYSC Board as part of the general monthly meetings of the Board, so that these activities can be duly reported in the

monthly minutes. The Committee structure in no way impacts the responsibilities of Board positions. In no event shall the Committee make a decision that encroaches upon the authority of individual Board members, without due participation and notice to that Board Member and the Board.

Article VIII: Competitive Team Selection and Rules

Competitive Teams are intended to provide a higher and more competitive level of play than available in Recreational Teams. Competitive Team members are selected via tryouts.

Quantity

The SCCYSC will attempt to develop as many Competitive Teams as are needed and possible. The need will be based on the number of available qualifying players, coaches, referees and playable fields. There must be a minimum of 10 capable players available for each U9-U11 team and 13 capable players for each U12-U19 team. A capable player is defined as a player who has the basic coordination and skills that will allow her/him to play at a competitive level.

Coaching Agreement

The Director of Coaching is responsible for maintaining coaching standards and coach selection. Coaches are required to abide by a Coach Code of Conduct, setting forth the requirements and expectations for Competitive coaches every year, including attendance at a minimum of one meeting before fall Tryouts, one meeting before Fall league for any needed updates, and one meeting before Spring tryouts for those coaches who will have a spring team. All coaches within the applicable age group will attend the Tryouts and pre- and post-Tryout meetings. Tryouts for Competitive teams shall include all players in a given age group at the same time. At least two Tryouts for each age group are held at least several months prior to the start of the next season.

Team and Player Selection

Coaches in good standing who have the highest level of license have priority for coaching the “Blue” team. If a second team is created it is designated the “White” team. A third team may be allowed, at the discretion of the Director of Coaching.

Competitive teams are open to any player who wants to be selected for Competitive team level play, is aged between 7-18 and attends Tryouts. Each season both returning and new coaches must apply for the opportunity to develop and coach Competitive Teams. Returning coaches in good standing may keep their team unless doing so is contrary to the requirements and standards of the SCCYSC. All players are required to attend at least one Tryout, but are encouraged to attend all Tryouts within their age group.

Players may be added to rosters after Tryouts only if there is good cause for the player missing Tryouts, space is available, the coach has evaluated the player's skills and determined he or she is capable of playing for a Competitive team, and the Director of Coaching approves the addition.

The U9-U12 Age groups will be viewed as developmental teams. This will provide the Club with a deep pool of experienced Competitive team players when rosters adjust to 11 v. 11 play at the U13 age group. At the U13 level and above, the SCCYSC will aim to create a higher-level team, but will also work to accommodate a lower-level team if coaches and interested players are available.

To help in the draft process, coaches should record written information on the performance of each player during Tryouts. Coaches have no right to specific players except for the children of the head coach and one assistant coach. During Tryouts, the Blue Team coach shall have player selection priority over the White Team coach, subject to the ability of each team coach to keep his or her players from the prior year, with parental agreement. The Director of Coaching is responsible for presenting selection procedures to all coaches at the Coaches' meeting prior to Tryouts, and for monitoring the Tryout and selection process.

Age Brackets

Age groups, up through U14, are determined based on the calendar year, rather than the school year. Each team is allowed to have up to three (3) players "playing up" (defined as playing with a team that is one (1) year older; players two (2) or more years younger will not be permitted to play up). SCCYSC reserves the right to evaluate such players and approve or disallow this option depending on a) the feasibility of forming the team in the younger age bracket and b) the talent and performance level of the player in question. U15 and above players may attend

Tryouts for any teams in the U15 or above age brackets, without restriction as to birth year. Consistent with CYSA and NorCal rules, a team ages out when the team year reaches 19 years in the fall soccer season (for example, a 2000 team will age out of youth soccer in the fall of 2019). When a team bracket ages out, the coach ages out with the team. The coach of the out team may continue coaching with a different team upon the approval of the Director of Coaching.

Poaching

Coaches in the SCCYSC may not approach players or their families from other Club teams (i.e., those outside of Santa Cruz City) while such players are rostered with another Club's team. A similar restriction exists within SCCYSC. An SCCYSC coach may not approach players or their families who play for other SCCYSC Competitive teams with the intent of persuading the player to move teams. In the event that a player currently playing for a team in the SCCYSC or the player's parent approaches another coach in the SCCYSC regarding the possibility of moving to or training with this coach, the coach must promptly inform the current coach and the Director of Coaching. The only time this rule does not apply is during Spring or Fall tryouts. Coaches who violate this policy will be subject to sanction, including immediate removal, by the Director of Coaching.

Playing Time

U9, U10, U11 and U12 teams are intended as developmental age groups for Competitive Teams, which means that playing time rules are different for these groups than for a subset of the older groups. All U9-U12 players in good standing with the team are expected to get to play a minimum of 50 percent of each game. U13 and older age groups at Copper and Bronze levels are also considered developmental, such that players in good standing with the team are expected to get to play a minimum of 50 percent of each game. U13 and older players playing for teams at Silver, Silver Elite, Gold or Premier levels are granted playing time at the coaches' discretion. Players who attend practice regularly and do their best to follow directions and participate to the best of their abilities are usually deemed in good standing, subject to the coach's discretion. Coaches should inform the parents of a player who is at risk of not being in good standing and should offer concrete ways the player can return to good standing.

Funds

Money left in Competitive Team accounts at the end of the season will remain with the team account for team use in the following Spring or Fall season unless the team is disbanded, in which case excess funds are equitably redistributed to team families. Team funds may be used to pay team fees including rescheduling fees, fields and associated costs in excess of amount covered by the SCCYSC, and any plaques, trophies or other items provided to the team. The SCCYSC pays for enrollment in CYSA or NorCal, but not both; enrollment covers a 9-10 game playing season and covers fields and referees for 4-5 home field games. In the event that Competitive Team games require rescheduling, the SCCYSC shall pay one-half of field setup and all referee fees. In addition, although Competitive Teams are required to solicit their own sponsors, at the end of the season, the Club will pay for any extra team photos for sponsor plaques. Anything in excess must be paid by the team and is not covered by the SCCYSC. SCCYSC teams may make use of any discounts offered the SCCYSC by vendors.

Article IX: Recreational Team Selection and Rules

Team Selection

The Registrar assigns recreational teams based on number of registered players and school and geographic location, with the aim of keeping school teams together when possible (repeated in the next sentence). Players will be assigned by the Registrar to recreational teams based on several factors, including 1) age; 2) experience; and 3) diversity of ability and experience. When possible, kids from the same geographical area (i.e. school) will be kept together on a team to assist with logistics; however, this is unfortunately not possible in all cases. The primary objective at all times is to create relatively comparable teams.

Team Organization and Management

The Recreational Teams Coordinator manages all aspects of the Recreational Team activities and organization, subject to input from the Director of Coaching.

Funds and Supplies

Recreational teams do not replay games when games are cancelled. Coaches may

arrange friendlies, but must pay referees and field setups, without support from the SCCYSC. The Uniform Coordinator and the Sponsor Coordinator handle all uniform and sponsor requirements for the Recreational Teams. All Recreational teams shall receive a uniform, balls and goalie jerseys.

Age Brackets

Age groups shall be determined based on the calendar year, rather than the school year. Age groups are generally aligned with county guidelines, subject to adjustments made annually by the Board to accommodate registration needs.

Article X: Form 990

The SCCYSC's Form 990 is prepared by an outside CPA. The CPA submits a draft to the Executive Committee for review and approved at the SCCYSC Board meeting. Questions, corrections or areas that require additional explanation are sent back to the CPA. When all questions are addressed, the Board may vote to approve the 990.

Article XI: Grievance Procedure and Guidelines

The SCCYSC strives to maintain a positive environment for all players to learn and play soccer. To foster this environment, the entire SCCYSC community including coaches, players, and parents work together in the best interests of positive soccer play. All players, coaches and assistant coaches are expected to conduct themselves in a sportsmanlike manner; failure to do so may result in suspension from participating in SCCYSC games.

The Grievance Procedure and Guidelines are intended as part of the SCCYSC Board's role to foster an environment for positive soccer play and to offer a vehicle to address concerns of parties who feel such concerns cannot be or have not been adequately addressed in an informal manner, and is also available when a suspension is challenged.

A grievance may be submitted to the SCCYSC Board's Grievance Committee. If the grievance is filed against one of the Committee Members, the President or Vice President shall appoint another, uninvolved Board member to the Committee.

Grievance Guidelines

Any parent, player or assistant coach should, whenever possible, discuss the matter in question with the coach directly, in the event that a complaint involves the team coach. No such discussions may take place during or just prior to or after a game or practice, unless the coach has previously agreed to schedule a discussion at such times. No children may be present during the discussion. For issues arising from games or practices, a 24-hour wait before discussion is recommended. In cases involving a problem with the coach, a team or players and when discussion with the coach does not resolve the issue, the complainant should contact the Director of Coaching, who will consider and seek to resolve the issue. In the event that the Director of Coaching is not able to resolve the complaint or chooses to refer the case to the Grievance Committee, a formal grievance with the SCCYSC Board may be filed. In the event that a complaint involves the Director of Coaching, the complainant may file a formal grievance after notice to the Director of Coaching.

Grievance Procedures

Grievances may be submitted by email (info@santacruzsoccer.com or to the current President) or by mail (Grievance Committee, SCCYSC, P.O. Box 2039, Santa Cruz, CA 95063). Within 72 hours of receiving a Grievance, the Grievance Committee shall meet and identify a timely and efficient process for investigating the grievance.

The Grievance Committee will consider information gathered via its investigative process within 48 hours of receipt and make a recommendation as to Board action to address the Grievance. The Grievance Committee will report this recommendation to the full Board at the next scheduled meeting or in the event that urgent action is required, by electronic voting. Where the issue is likely to impact an upcoming game, the Grievance Committee shall make all efforts to resolve the grievance prior to the next game.

The Grievance Committee's recommendation may be appealed to the Full Board. The Board shall maintain documentation of all Grievances for two (2) years.

Article XII: Amendments

Bylaws may be amended at any meeting of the Board by a majority vote of Members then holding office.
